REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest a device for mounting electrical components comprising a turret-like insertion head having at least one precision twisting assembly, a coarse twisting assembly, a stator, and a rotor including a plurality of circularly distributed grippers for holding the components to be mounted, the rotor being disposed for rotation about a mounting axis, and the insertion head further having an optical measuring device for detecting a position of components held by the gripper, before optically measuring the orientation of the components to be mounted are twisted into a position approximating a desired mounting position by the coarse twisting assembly, and after optically measuring the components to be mounted are accurately twisted into the desired mounting position by the precision twisting device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
